

## **C&H Sugar Company, Inc. - Kosher Certificates**

### **Please retain this memo for future reference:**

We are excited to offer you a new way to retrieve your kosher certificates online. By using the Digital Kosher service you and your customers will be able to get access to the most recent certificate for our products as soon as it is available, without having to contact us every year for updated certificates. Using this system you will also be able to pass an identifier, called a K-ID, to your customers which will allow them to look up the certificates themselves, without even asking you. All of this can be done by visiting the Digital Kosher website at <https://digitalkosher.com/oskm/>

The K-ID numbers will not change from year to year, so once you have the K-ID number, you can retrieve any certificate for C&H Sugar or related products any time they want. The new certificates for the upcoming year will automatically update on the 3rd. week in December. Your customers can simply retrieve their new certificates each December.

### **Instructions on how to retrieve a Kosher Certificate:**

Step #3: A description of the product will appear on the screen. Click on the K-ID number highlighted in "light blue".
